

AULD & WHITE  
CONSTRUCTORS • LLC

Re: Letter of Reference

To Whom It May Concern:

HuGus Inc. has recently completed a project for me at The University of North Florida. The final contract ended up in the \$60,000 range. I would classify this project as an industrial coating project. Their scope of work included pressure washing, scraping and grinding structural steel members that support a glass canopy sandwiched between two buildings and a lake. When the prep work was complete, a primer and two coats of epoxy paint were applied to the steel members. Most of this work occurred during the summer break.

Throughout the entire project, Gustavo Diaz and his crews acted very professional. We did not have any safety issues either. I would highly recommend HuGus Inc. for this type of project or any other painting related project. If you have any questions regarding their performance, please feel free to call me at (904) 296-2555.

Sincerely,

Timothy S. Conlan  
Senior Project Manager
