To Whom it May Concern,

I can strongly recommend utilizing Hugus Painting for any of your new construction projects. During the last 18 months Hugus Paint, under the direction and control of Mr. Gustavo Diaz, has played a major role in assisting Cornerstone Paint and Drywall in completing some of its most important projects with the highest profiles. These projects include but are not limited to the following:

1. Savannah Air National Guard's Troop Headquarters- Exterior painting
2. The Nemours Children's Hospital- Interior drywall and painting of the second floor renovation
3. Addition to the Naval Air Station Jacksonville Hospital- Interior and exterior painting

These projects were completed under the most stringent architectural specifications and scopes of work. The schedules were equally demanding and included overnight work in the case of the Nemours Children's Clinic.

Hugus Paint was able to provide not only quality workmanship but also the quantity of men necessary to complete these projects under the ever changing circumstances typically found in construction projects of this nature.

Sincerely,

A handwritten signature in black ink, appearing to read "John H. McCormack", is written over a large, stylized, looping flourish that extends to the left and then curves back under the signature.

John H. McCormack
