To Whom it May Concern;

It is my privilege to write this letter of recommendation for Gustavo Diaz, owner and operator of HuGus, Inc. In December 2009, I contacted Mr. Diaz for an estimate to repaint the entire exterior of my building which had not been repainted in many years. Mr. Diaz was efficient, punctual, and understood the concerns associated with working around a healthcare environment. When Mr. Diaz sent his crew out to start working shortly after we contracted, his crew was professional, neat, and courteous every time we had an interaction.

My business is significantly based on staff and contractors being utmost courteous and respectful to the needs of others. Mr. Gustavo and his staff displayed that professionalism without hesitation and fulfilled every request we had. In the future I will not hesitate to contact Mr. Gustavo with HuGus, Inc. to complete any needed painting inside or outside of the facility.

Sincerely,

Eric J. Weisz, NHA, MS
